

MATERIAL SAFETY DATA SHEET

THE HALLSTAR COMPANY

Section 1 - Identification of Substance and Company

Product Name: CoSept™ M

Product Code: 0349

Chemical Name: Methylparaben

Supplier: The HallStar Company ⁽¹⁾
120 S. Riverside Plaza Suite 1620
Chicago, IL 60606 PH: 877-427-4255
USA

HMIS
Health: 1
Flammability: 1
Reactivity: 0
Gloves & Safety Glasses

Information: (908) 852-6128

Emergency: CHEMTREC - (800) 424-9300

Section 2 - Information on Ingredients

<u>Chemical Name</u>	<u>CAS#</u>
Methylparaben (Methyl p-hydroxybenzoate)	99-76-3

Section 3 - Hazard Identification

Appearance: Fine white crystalline powder; odorless or faint characteristic odor.

Potential Health Effects

Skin Contact: Dust and long or repeated contact may irritate and cause sensitization.

Eye Contact: May cause irritation.

Ingestion: May cause vomiting if ingested in large amounts.

Inhalation: Irritating to nose and throat. May cause coughing and nausea.

Section 4 - First Aid Measures

Skin Contact: Remove contaminated clothing and wash affected skin with soap and water.

Eye Contact: Flush eyes with large amounts of water for at least 15 minutes. If irritation persists, consult a physician.

Ingestion: If large amounts are swallowed, cause to vomit, rinse mouth thoroughly with water and consult a physician.

Inhalation: Person should be moved to a fresh air environment.

Section 5 - Explosion and Fire-Fighting Measures

Extinguishing Media: CO₂, Dry Chemical, Foam

Special Fire-Fighting Procedures: A MSHA/NIOSH approved self-contained breathing apparatus should be worn.

Unusual Fire and Explosion Hazards: Burning may produce irritating fumes requiring protective equipment. Concentrated dust may produce an explosion hazard. Eliminate sources of ignition.

Product Name: CoSept™ M

Section 6 - Accidental Release/Spill Procedures

Steps to be Taken in Case Material is Released or Spilled: Dike and contain the spill with inert material (i.e., sand, earth, sawdust) and transfer liquid and solid diking material to separate containers for recovery or disposal. Wash floor area with hot water solution. Remove contaminated clothing and wash before reuse. Wash affected skin areas with soap and water. Keep spills out of all sewers and bodies of water.

Section 7 - Handling and Storage

Containers should be kept tightly closed and stored in a cool, dry, dark and well-ventilated location. Avoid accumulation of dust. Take precautionary measures, such as grounding, to prevent static discharges.

Section 8 - Personal Protection

ACGIH Threshold Limit Value (TLV): None
OSHA Permissible Exposure Limit (PEL): None

Hand Protection: Rubber gloves
Respiratory Protection: None required for normal operation. A dust mask should be used if dusting becomes a nuisance
Eye Protection: Safety glasses

Engineering Measures: For normal operation, local exhaust ventilation should suffice. Direct exhaust when material becomes heated and fumes are given off.

Other: Eyewash facility in vicinity.

Section 9 - Physical and Chemical Properties

Boiling Point:	270-280°C	Specific Gravity:	N/A
Flash Point (CCC):	168°C	Melting Point:	125-128°C
Solubility in Water:	0.25% @25°C	Vapor Pressure:	N/A
Vapor Density (air=1):	N/A	pH:	4.3

Appearance and Odor: Fine white crystalline powder; odorless or faint characteristic odor.

Section 10 - Stability and Reactivity

Stability: This product is stable under normal conditions.
Conditions to Avoid: Direct sunlight, high humidity and water.
Materials to Avoid: Strong oxidizing agents, iron and alkaline substances.
Hazardous Decomposition: Thermal decomposition (e.g., fire) will produce carbon dioxide (an asphyxiant at high levels) and may produce carbon monoxide (highly toxic if inhaled), phenolic vapors, soot and smoke

Section 11 - Toxicological Information

Acute Toxicity: Oral LD₅₀ (mice and rats): >8 g/kg
Oral LD₅₀ (rabbits): 6 g/kg
Oral LD₅₀ (guinea pigs and dogs): 3 g/kg

Product Name: CoSept™ M

Section 12 - Ecological Information

Literature suggests methylparaben to be readily biodegradable.

Section 13 - Disposal Considerations

Waste Disposal Methods: Material should be disposed of in accordance to current local, state and federal regulations. This material is not hazardous waste under current RCRA regulations. Contacting a waste disposal service is recommended.

Section 14 - Transport Information

Not classified as hazardous according to the Department of Transportation.

Section 15 - Regulatory Information

Toxic Substances Control Act (TSCA): This product is in compliance with the TSCA inventory of the United States.

Domestic Substance List (DSL): This product is listed on the DSL inventory of Canada.

European Inventory of Existing Chemical Substances (EINECS): This product is listed on the EINECS of Europe (202-785-7).

Superfund Amendments and Reauthorization Act (SARA): This product has the following hazards as defined in Section 311/312 of 40 CFR Part 372:

Hazards

Acute Health Hazard

This product contains the following chemicals subject to the reporting requirements of Section 313 or Title III of SARA and 40 CFR Part 372:

Ingredients

None

California Proposition 65: This product contains the following substances known to the State of California to cause cancer, birth defects, or other reproductive harm per the Safe Drinking Water and Toxic Enforcement Act of 1986:

Ingredients

None

Section 16 - Other Information

Prepared By: DCU

Revision Date: 11/10

Supersedes: 06/10

All information is presented in good faith using available information. The HallStar Company makes no representation of the accuracy or completeness of the information. The user should consider this information as a supplement to other information that may be available. User should also determine suitability of information in their situation to determine proper use and disposal, protection of persons and the environment.
