

The HallStar Company

REACH Agreement

For HallStar customers or downstream users to rely on the non-EU manufacturers Only Representative REACH compliance activities or other supplier's REACH compliance activities, certain conditions must be met. By signing this document you are certifying you have read, understood and will abide by the following conditions.

1. To streamline communications between HallStar customers or downstream users and the Only Representative, initially, HallStar customers or downstream users are to communicate with The HallStar Company, who will then forward the data to the Only Representative. The HallStar Company contact is:
Ms. Danielle Urrea Phone: +1-312-554-7432 / E-mail: durrea@hallstar.com
2. The HallStar customers or downstream users will provide data to The HallStar Company upon request. This will include, but not be limited to, end uses of the chemical, quantities imported, new hazards identified with end uses, and exposure scenarios. This data will then be provided to the Only Representative for compliance with REACH.
3. A list of REACH products that your company purchases has been provided as an attachment to the Only Representative Notification. If you choose to purchase any additional substances NOT on that list – the Only Representative Notification will have to be updated to include the additional substance's volumes and end uses. This must be communicated to HallStar.
4. A trade name list of REACH products that The HallStar Company has deemed to be REACH compliant has been provided to you for reference. If there is a product that is NOT on that list that you would like to import into the EU, a HallStar REACH representative together with Sales and Marketing will review your request. NOTE that not all substances imported over 1 ton will be automatically added to the approved tradename list. Opportunities will be evaluated on a case-by-case basis and a business decision made.
