

FUNCTIONAL NATURALS

Hallstar's portfolio of functional naturals applies advanced technology to botanically derived ingredients such as fruits, nuts and seeds. We have designed these ingredients to maximize biocompatibility with human skin for improved sensoriality, while delivering the desired performance and functionality to meet customers' needs.

PRODUCT	MAIN FUNCTIONALITIES												
	Emollients	Emulsifiers	Structuring Agents	Emulsion Stabilizers	Active Ingredients	Antioxidants	Natural Fragrances	Surfactants	Solubilizers	Anti-Inflammatories	Liquid Crystal Promoters	Hair Aesthetic Enhancer	COSMOS Approved
